PRODUCT CATALOGUE 2023

WELCOME TO SEGA® amusements international

Welcome to the 2023 catalogue of Sega Amusement International products and services.

The past year has been another tough and challenging one for the world and our industry, but as testament to the strength of everyone in this amazing industry we are all still here, and still doing what we know best – bringing entertainment to our customers. We at Sega are proud to be at the forefront of this wonderful industry.

The year ahead will see more new licenced titles added to our product range along with exciting new game concepts, all designed to boost your business, and put smiles on the faces of your customers.

With many years of experience in the growing bar market we fully immersed ourselves in the 'Adult Social Competitive Engagement' space. With both Augmented and Interactive Darts offerings newly added to our portfolio, they are a great complement to our game range of basketballs, air hockeys and alley rollers all perfectly suited for that booming sector.

We pride ourselves on building relationships and the one with our customers is of the utmost importance. You can be assured of a level of care that you and your team can depend on.

Buying through Sega is buying with confidence.
